

Company Profile 2025

About Us

Company Overview

Optius International Ltd is a dynamic healthcare solutions company based in Tanzania, specializing in the importation, distribution, and installation of medical devices and hospital equipment. We provide complete healthcare facility solutions, including laboratory, radiology, and pharmacy setups, with a focus on quality, affordability, and customer satisfaction.

We work with well-trained professionals and trusted international partners to ensure all our products meet global standards while being tailored to the needs of local healthcare providers. Our team's expertise, combined with our commitment to excellence, makes us a reliable partner in strengthening the healthcare system.

Mission Statement

To enhance healthcare delivery in Tanzania and beyond by providing modern, cost-effective, and high-quality medical devices backed by exceptional professional service and reliable customer support.

Vision Statement

To be the leading and most trusted healthcare solutions provider in Africa, recognized for innovation, professionalism, and commitment to advancing medical standards.

Our Core Values

✓ Integrity

We conduct our business with honesty and transparency.

✓ Professionalism

Our team delivers services with expertise and commitment.

✓ Quality

We supply only high-standard products that meet international benchmarks.

✓ Innovation

We embrace modern technology to improve healthcare outcomes.

✓ Customer Focus

We put clients' needs at the center of our solutions.

Our Services

✓ Importation and distribution of medical devices and consumables.

✓ Hospital, laboratory, pharmacy, and radiology setup.

Supply and installation of diagnostic and laboratory machines.

✓ Preventive and corrective maintenance services.

24/7 customer care and technical support.

Why Choosing Us?

✓ Trusted suppliers of only new, high-quality medical equipment (no refurbished products).

✓ Affordable and flexible pricing to meet institutional needs.

✓ Strong local presence with international sourcing power.

✓ Experienced professionals in sales, marketing, and technical support. Commitment to timely delivery and after-sales service.
